

WAUPUN AREA TRANSITION HOUSE

STUDENT BENEFITS:

- Opportunities to increase independence
- Opportunities for paid/unpaid community work
- Learn skills that can be transferred to new environments
- Develop natural supports within the community
- Increased mobility & independence navigating the community
- Improved social skills & communication skills
- Increase daily living skills
- Practice self-advocacy skills
- Establish relationships/partnerships with adult service agencies
- Opportunities for parent engagement, support & respite services
- Facilitate connections to postsecondary education & training

COMMUNITY BENEFITS:

We'll be the best neighbor you could ask for!

- Our students are looking to practice real life skills, such as yard work and shoveling. Let us know how we can help you!
- The program will run during the school day—so the house will be quiet on evenings and weekends!
- Performing home improvements will provide real world experiences for our tech. ed. students!
- The house will be remodeled and look great—improving the appearance of the neighborhood! (potential to increase your property value)

Exposure. Repetition. Opportunity

The Waupun Area School District Transition House will provide a safe environment for students with intellectual disabilities to acquire, develop, practice & generalize skills to become independent adults . We Thank You for this opportunity!
